Fish

Assemble 30 Pieces

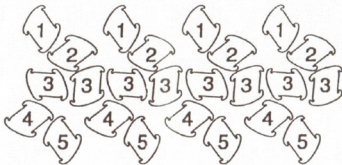

Row 1 - 4 pieces

Row 2 - 4 pieces

Row 3 - 8 pieces

Row 4 - 4 pieces

Row 5 - 4 pieces

Tail - 4 pieces

Fin - 1 piece (x2)

Please assemble the fish's body exactly as you would the 24 piece seashell. Then assemble the tail with four pieces in a cluster as seen in this diagram.

You can attach the tail by combining where the pieces meet on the tail to the body. Or you can glue it on if you prefer.

Lastly you one piece and just hook it at one joint on the sides of the body (to create a fin).

You can also add eyes from the craft store.
